About

Dr. Krishna Kumar was born and raised in Kochi, Kerala. He is a dynamic pediatric dentist with 12 years of pediatric dentistry experience. He is highly empathetic with children of all ages and gentle among special children. He has done many cases under general anesthesia in leading hospitals in Kochi and Thrissur. He is consultant pediatric dentist in Amala Institute of Medical Sciences Thrissur. Prevention of dental caries in infants is of utmost importance. In kerala, preventive treatment methods are less pursued compared to other states. He is specialist in the treatment of painless root canal treatment and crown treatment. He was the first pediatric dentist to implement zirconium crowns in Kochi.
